

KLIA Airport chairs Terminals 1 & 2 – Kuala Lumpur, Malaysia

In 2021 a contract was signed between **UTW** (company which manages the maintenance of airports in Malaysia), and which is part of **MALAYSIA AIRPORT HOLDINGS**, and **ZINGAMETALL Marine & Offshore (JB)**, located in Johor, Malaysia.

This contract includes, among other things, the refurbishment of all the chairs at **Terminals 1 & 2 at Kuala Lumpur International Airport (KLIA)**.

Picking up chairs at the **KLIA Terminal**

Quality control of the surface preparation before application of the 1st **ZINGA** layer.

Work started in September 2021 and is scheduled to be completed in mid-2022. Around 20,000 chairs will thus be protected against corrosion with a **ZINGA** system.

In the contract with **UTW** it is foreseen that all the chairs of the other Malaysian airports will also be refurbished with the same **ZINGA** system in the coming years.

These are the airports of Penang, Langkawi, Kota Kinabalu, Kuching and Miri.

System:

Surface preparation: Blasting to degree SA 2.5

ZINGA 1 x 40 µm DFT

ALU ZM 1 x 40 µm DFT

After application of the **ALU ZM** layer
